Our Mission

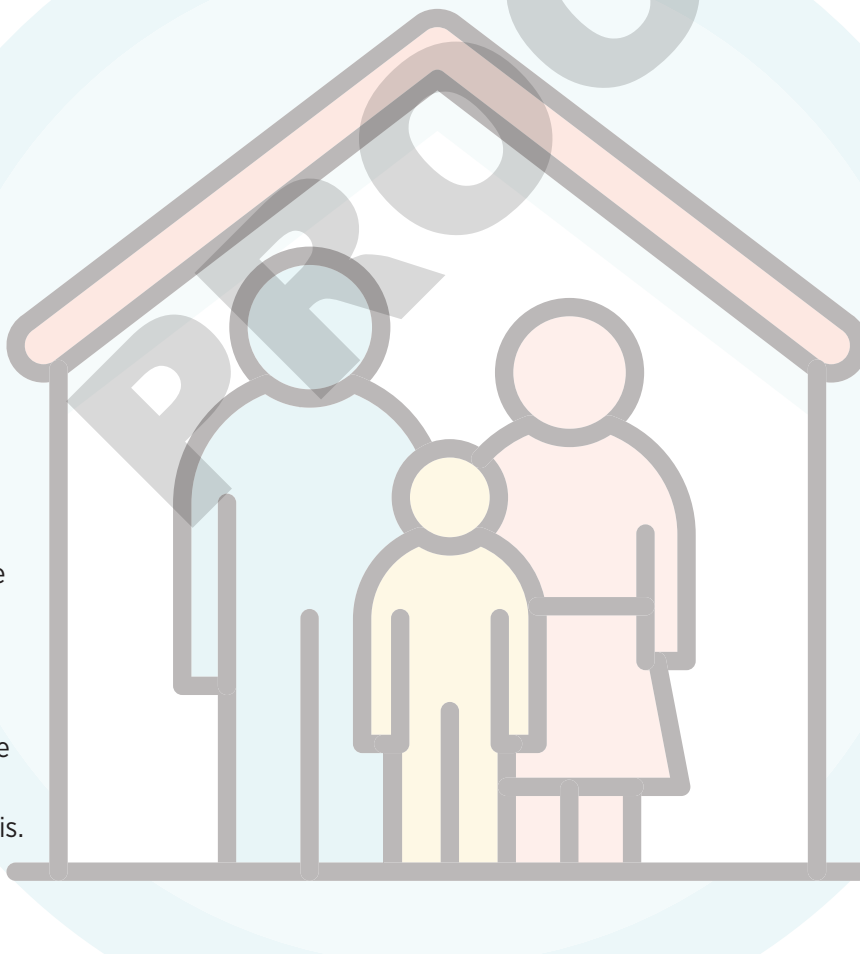

The mission of Bridges to Housing is to assist homeless and low income families to obtain safe, decent and affordable housing in Yuba, Sutter and Colusa Counties.

Why We Help

A secure home is the first step in becoming a productive member of the community and providing a stable environment for children.

Often, families can afford the rent but are unable to save enough money for the deposit. Other families need temporary, limited assistance with rent during a crisis.

How We Help

Since 2008, we have been helping low-income, disabled, homeless, and families at risk of becoming homeless to obtain the safety and security of the most basic human necessity. Working with a wide variety of community resources and social service agencies, we help those Yuba, Sutter, and Colusa County families to secure housing by assisting with a rental deposit and/or a first month's rent and landlord incentives. The funds we provide go directly to the landlord or property owner. With this helping hand, these families are able to have a place to call home.

Our **Program Administrator** assists clients in assembling the documents for their application and sets a date and time for an interview by a **Board Member** or **Volunteer**. When the interview is completed, and housing has been located, the file will be reviewed by the **Board** for approval and appropriate funding. Our **Housing Navigator** will guide clients as they locate a suitable residence.
